Week 1* (July 1-3; *no camp July 4-5*)

We're Going Camping

Do you like going and spending time in nature? Do you enjoy building Campfires and sleeping in a tent on the ground, or is glamping more your style? Either way, this is the week for you! Campers will get to learn about camping from what gear to bring (don't forget your first aid kit and plenty of water) to making your own supplies – solar oven anyone? You'll learn and sing fun camp songs, and most importantly make yummy camp food including s'mores because let's be honest- who goes camping WITHOUT s'mores?! It's going to be a fun-filled week for all different types of campers!

Week 2 (July 8-12)

Sports Week

Need we say more? A good old-fashioned sports week where campers will get to play the sports they love, like basketball, kickball, or soccer, or something less familiar like pickleball or badminton. Campers will learn about sports played around the world, and practice throwing, dribbling, ball control, kicking, tossing, aiming and more. From team sports and cooperative games to individual skill development, campers will improve their teamwork, develop their skills, and learn what it means to be a good competitor (if that's your thing). This is a physically active week all about moving our bodies, having fun, developing new skills, and working together as a team!

Week 3 (July 15-19)

Splish Splash

This week is all about playing in and with water! We use water in responsible and fun ways throughout the week making bubbles, painting, watering seeds to make them grow, and so much more. Not only will campers get to play, but we'll also learn why water is so important to us and life on our planet. Campers will have fun with water while learning about water safety, water-based environments, and water conservation. We can't wait to splish splash with you!

Kids Co. Summer 2024

Curiosity + Exploration = Discovery

Week 4 (July 22-26)

Sun, Sea, and Sand

I hope your mermaid tails and fish gills (or maybe just a snorkel and fins) are ready! This week campers will explore from the sand to the sea and beyond. Campers will dive underwater to discover the many varieties of sea life, both real and make-believe, and learn what goes on just below the waves. We plan to spend plenty of time outdoors in the sand, creating, exploring, building, and having fun! As Sebastian the crab said, “We got no troubles, life is the bubbles, under the sea!”

Week 5 (July 29-August 2)

Secret Agents

Calling all agents AKA campers! Kids Co. is calling all camper agents who want to join us for a mission filled with a week of mysteries to solve, codes to crack, and puzzles to complete. We believe you can get the job done! Kids Co. camper agents will create their own gadgets, test their problem-solving skills, and improve their critical thinking so even the hardest puzzles are easy to solve. By the end of the week, our campers will transform into the top Kids Co. agents, able to solve any mystery they encounter!

Week 6 (August 5-8; *no camp August 9*)

Wonderful and Wacky Washington

Welcome to a fun and wonderful week of PNW discovery! Washington is an amazing place to live and there are so many cool things this state has to offer. So, come learn and explore with us! Did you know Washington has six major league sports teams? (#BringbacktheSonics!) Washington has the only green state flag. We are known for UFO sightings, and we produce more apples than any other state! Fun facts aside, this is a week packed full of getting to know what is in our own backyards! From Sasquatch to Colossal Claude, to rain forests, and learning about the rich history of northwest Indigenous culture, there is so much for us to discover together!

Week 7 (August 12-16)

Artful Expressions

We hope you have your creativity hat on this week! Campers will enjoy an immersive week filled with a variety of artistic exploration and expression. We will engage with different types of materials and art forms, such as painting, sculpture, and design – and may even dabble in the culinary arts! We can't wait to have you join us for this week of artful expressions!

Week 8 (August 19-23)

All Around the World

Come join us for a week of discovery all around the world! Campers will learn about different cultures by trying a variety of foods, listening to an array of music, exploring fashion trends across the globe, and learning about different celebrations and traditions including sharing their own. Most importantly, we will experience a variety of cultures together in a safe and inviting space, where all are welcome and encouraged to learn from each other and share together.

Week 9* August 26-28; *no camp August 29-30*)

Storytellers

If there is one thing we love, it's a story. Whether it's reading, listening, or making up our own stories, or even playing games through stories, it's such a powerful way to connect with each other. This week campers can let their imaginations run wild as they create their own characters, settings, and tales. Campers will write, speak, draw, film or even learn to play games through their own stories. Beyond that, we will have opportunities for stories to come to life through costume making, clay figures, mini models and so much more! Come join us for a week of making your amazing stories come to life!
